That person shall report to the home team officials prior to the game to identify himself/herself as the person so designated by the visiting team.

The East Husker Conference will consider any NSAA activity in which at least eight (8) conference teams participate. The conference may suspend their sponsorship from an activity if the number of conference teams falls below seven (7).

The East Husker Conference sponsors the following activities:

1. Volleyball
2. Softball
3. Wrestling
4. Basketball
5. Jr. High & Sr. High Track
6. Golf

11. Honor Band
12. Scholar Recognition
13. Cross Country

Unless stated in the By-Laws or Appendix A, it shall be the responsibility of the host to secure a facility at no cost to the conference. The Executive Council reserves the right not to include a school/cooperative in the hosting rotation due to improper or inadequate facilities.

(SEE APPENDIX A AND TOURNAMENT BRACKETS FOR SITE AND ROTATION SCHEDULE)

In case of inclement weather or other circumstances, it will be the decision of the host school Superintendent or designee in charge of the event, as to postponement and/or rescheduling of events in consultation with the schools involved.

If the conference sponsors an activity, then all members must participate in that activity if the member has that activity.

CONFERENCE DIVISIONS

For some activities, the conference shall be composed of two divisions based mostly upon size of the school using the most current NSAA three-year enrollment figures. However, a school's competitiveness, demographics & makeup, geographic location, and/or any other relevant factors shall also be considered. The Platte Division will consist mostly of the larger schools and the Elkhorn Division will consist mostly of the smaller schools. Each division will consist of at least 7 schools.

Schools will stay in their division until a member school requests that the divisions be re-evaluated. Once the request is made using the By-law Change Procedure, the executive council will determine the membership for each division and set an effective date so schools have time to coordinate their schedules to accommodate the new alignment.

Each activity's by-laws stipulate regulations for being eligible for competing for the "Regular Season Champion or Division Champion". The following statements will supersede if the conditions are met.

1. If a member school adds an activity, then affected existing member schools who already had the added activity shall be given a one (1) school year grace period to schedule the member school in the newly added activity.

A team roster shall be submitted before the start of the first match of competition. This roster shall include the name, grade and team students will be competing for. Alternates must be delineated for each team. No other names may be added or subtracted to the team roster once it is submitted to the Quiz Bowl Director.
 - 2.1 The four team members who start the match must be the same four members that end the match. The alternates may be substituted in a later match or later round of play, but must complete the entire game. NO SUBSTITUTIONS ARE ALLOWED DURING A GAME.
 - 2.2 A **Team Captain** is to be identified at the beginning of each match. ONLY the Team Captain can answer the bonus questions and ONLY the Team Captain can contest a question or an answer. The Team Captain shall be the same person throughout the contest unless excused by the contest director.
 - 2.3 **Entry Deadline:** The host school shall determine a time deadline for entries and communicate the time to all conference schools. Cancellations should never be made the day of the meet, except in the rarest of emergencies.
3. **Pools:** Refer to Quiz Bowl Pool Play Bracket
4. **Play:** Only four students from each team shall participate in a match. The names of the participants are to be submitted to the match moderator before the match begins. The fifth and sixth members shall be alternates and may not be seated with the four representing a team in a match. The four participating individuals may vary from match to match but must always be listed among the six pre-designated members of the team. No substitutions may be made to a team during a match.
 - 4.1 **Matches:** Each match will last 15 minutes or 40 questions (Toss-Up plus Bonus = 40), whichever comes first.
 - 4.2 **Rounds of Competition:** The competition shall consist of two rounds: First round is Pool Play and the second round is Tournament Play.
 - 4.2.1 During pool play, each team will play the other teams in their pool. At the end of pool play, all the teams from the pools shall be ranked together per win-loss percentage.
 - 4.2.2 If teams are tied, the team with the higher 'per match average' score (total score from all matches divided by number of matches) from the first-round play shall receive the higher ranking for seeding purposes in Tournament Play matches.
 - 4.2.3 If after the 'per match average' there is still a tie, a coin toss shall determine the rank order and placement of teams for the second round of competition.

See Tournament Procedures, Admissions, Finances and Awards for additional information.

QUIZ BOWL RULES OF PLAY

1. The game begins with the reading of the first question. Matches will last 15 minutes or 40 questions, whichever comes first. If the reader is reading a toss-up question when the timer signals the end of the game, the reader will stop reading immediately and no answer will be allowed. If the reader is reading a bonus question, they will finish the bonus question and give the team answering 20 seconds to answer the bonus question; then the game is over. If the timer signals “time is up” after a toss-up question has been correctly answered, but before a bonus question has begun, the team that correctly answered the toss-up question shall have the opportunity to answer a bonus question.
2. The reader is the judge of the match and his/her decision is final. There may be a dispute over an answer, but the reader must do what he/she feels is the best possible solution at the time. A dispute over a question or answer can only be made by the **Team Captain**. A question may be contested if it is felt the answer is totally inaccurate, but if the reader decides to throw out the question or to accept an answer, **HIS/HER DECISION IS FINAL**.
3. The competition will start with a toss-up question worth 10 points. The reader will determine who buzzed in first. The team member who presses the buzzer first (as determined by the reader) must answer the question within 3 seconds and without consultation with teammates. Players may buzz in before the reader has finished reading the question, but in that case the reader will stop reading and ask the player for an answer within 3 seconds. If a player offers an answer without being acknowledged, his/her team may be disqualified from answering that question at the discretion of the reader. Any attempt to provide an answer to the player who buzzed in by others on the team or by members of the audience will result in disqualification of that team for that question. Sponsors and supporters must not attempt to mouth the answer to a competitor.
 - 3.1 After the question is read 10 seconds will be allowed for an answer with the clock stopping when he/she buzzes in unless the question is a math question. After a math question is read, 20 seconds will be allowed for an answer with the clock stopping when he/she buzzes in. After being recognized the person buzzing in will then have 3 seconds to answer or it will be considered an incorrect answer. If the first team’s answer is wrong, the other team will have 5 seconds to provide an answer. If no one from the second team buzzes in within 5 seconds, the reader will give the answer and move on to another toss-up question.
 - 3.2 When a team buzzes in to the toss-up question, only the person who buzzed in (the person whose light is on) may provide the answer. One team member cannot buzz in and another answer. If a team member other than the one who buzzed in answers the question the moderator shall so state, ***“I am sorry. You answered out of turn. The game shall continue as if it were a missed question.”*** The other team will then have 5 seconds to answer the question.
 - 3.3 If the person who buzzes in answers the toss-up question correctly the team will be given an opportunity to answer a bonus question worth (5) points, if answered correctly. The reader will ask the bonus question and the receiving team may discuss the answer. **ONLY THE CAPTAIN MAY ANSWER THE BONUS QUESTION.** The Captain must answer within 20 seconds. The timer will give a warning when 5 seconds remain. The timer will signal; ***“time is up”*** at the end of twenty 20 seconds and no answer will then be accepted. If the bonus question is answered correctly within the 20 seconds, the team is awarded five (5) points. Play then continues with another toss-up question.
 - 3.4 If a team answers a toss-up question **incorrectly**, the reader will turn to the other team and ask for an answer to the toss-up question. Any member of the other team may answer at that time, but he/she must first buzz in as not to confuse the reader with multiple answers. Again, only the team member that buzzed in (with light turned on) may answer the question. 5 seconds will be allowed for someone from the second team to buzz in. No discussion is allowed because it is still a toss-up question. The reader may repeat the toss-up question for the second team only if the first team buzzed in before the question

was completely read. The timer will begin the ten (10) second timer when the reader completes the question. If the question was completed before the first team buzzed in and answered incorrectly, it will not be reread. In this case the 10 second timer will begin when the reader pronounces the answer from the first team as *'incorrect'* and acknowledges the second team.

- 3.5 If the moderator inadvertently reveals the answer to a question after one team has given an incorrect answer, but before the other team has had a chance to answer, the moderator will read another toss-up question for the second team only.
 - 3.6 The moderator will accept only the first answer given by a player. Harmless or inadvertent embellishment of responses will not be penalized, so long as the embellishment does not make the response wrong.
 - 3.7 Last names are acceptable as answers unless a first name is needed for clarification (i.e. "Roosevelt" would require either Theodore or Franklin, whereas Grant would suffice for Ulysses S. Grant). Also, nicknames or pseudonyms that are universally known are acceptable (i.e. LBJ for Lyndon B. Johnson, or Mark Twain for Samuel Clemens), unless an exact answer is called for.
4. The scorekeeper will keep score on the official score sheet. The score sheets will be turned in by the official scorer to the Quiz Bowl Director. The team with the most points at the end of 40 questions or 15 minutes is the winner of the game. If at the end of 40 questions or 15 minutes, and the game is tied, the tie will be broken with sudden death questions. The first team to answer a question correctly will be determined the winner.

DUTIES OF MATCH OFFICIALS

Moderator: The moderator shall read the questions, recognize the contestant who buzzes in on a question, and determine whether the question is correctly answered. The moderator shall be the final judge on a contested question or answer, but may choose to confer with the timer and scorekeeper.

Scorer: The scorekeeper shall keep a running score on the official score sheet (provided by the tournament host).

Timer: The timer shall operate the buzzer system and keep the elapsed time for answers to be provided.
